IMPORTANT NOTE: Only those with documented activities at the highest levels are considered for high dan promotions. Sixty percent (60%) or more of the activities must be at the levels shown as follows or higher. Activities that include those for visually impaired VI such as Parapan Games, Para World, and Paralympics also meet this requirement equally.

6th Dan local and State level
7th Dan State and Regional level
8th Dan National + Pan Am level
9th Dan International + Continental
10th Dan World and Olympic

These minimum requirements and promotions are not automatic. The activities must be documented. Lists of points without verifiable documentation cannot be considered. It has been determined that less than 10% will be promoted under column A and 10% under B. Most active candidates will fall under C. If you are asked to wait please do not take it personal. If everyone were promoted with min TIG there would be little validity in the promotion system and it would have no meaning. The sign off and # required indicates how many of each rank you need to sign off. These must have the proper valid judo rank accepted by USJA with membership, BGS and certification in effect or they are not valid. Contact the National Office with questions.
